Fundraising and Communications for Sports & Student Athletes

In-partnership with
4-Time NBA Champion
Horace Grant

Dear Fellow Professional Athletes

I am reaching-out to my colleagues in the national sports-world (all-sports) encouraging you to join me in taking advantage of a life-changing opportunity for your community organizations, projects or programs.

I am now partnered with the PC National Sports Network which comprises groups of 50 teams, small businesses, and nonprofits collaborating to purchase and communicate through a unified platform. This initiative is projected to generate twenty-four million dollars for each group of fifty participating organizations.

Your acceptance of our invitation will give your nonprofit, charity or sports program access to a revolving \$60-\$120k, \$2-4 million (of the twenty-four million dollars), national exposure and a direct connection to supporting student athlete careers, mental health and community economic development.

These funds are generated through groups of thirty corporations that pay the network \$80,000 for each million dollars contracted to be spent with their companies. The PC Network allocates these funds to its members (your-nonprofit) through the PC Group Purchasing Debit Card.

The Groups (media, coaches, athletes and corporations) meet every Wednesday at 3:00pm during "Horace Grant's National Sports Funding Forum" to discuss solutions and how the twenty-four million dollars will be distributed to organizations, student-athletes and for community economic development.

Benefits of your participation and appearance:

- Your direct support of local student-athletes' mental health, careers and community development.
- Your opportunity to receive \$18,000 to \$120,000 of these funds for your podcast (broadcast).
- Your opportunity to secure \$2-4 million for your community-based projects or programs.

We would be honored to share additional details on this project with you, please consider attending The Pro-Athlete Mixer, The Sports-funding-Forum or schedule a one-on-one session with our team. See attached information.

Contact Wardell Brantley at (843) 465-7236 to RSVP or to schedule a meeting with Mr. Grant and our team.

Looking forward to working with you.

Sincerely,

Wardell Brantley,
On behalf of Mr. Horace Grant
